

CONSENT FORM:

By submitting your portrait photo and personal information in the form above, you give the artist Toril Johannessen consent to use your submitted contribution to “Gruppebilde Bergen 2020” for the purpose of creating a work of art for the Bergen City Hall. The purpose of collecting pictures for this project is to create a group image with Bergen residents that will form the motif for two tapestries to be installed in the Bergen City Hall.

The group image will be created by using a computer system (machine learning) that interprets your portrait image together with all the other submitted images, and which on this basis creates new, similar portraits. The computer-generated images will be put together to form a group image designed by the artist. Your submitted photo will not be reproduced in the final artwork.

Your submitted photo will be organised according to age group and constituency in order to ensure diversity in terms of age and geography. Your name and e-mail address are used for the sole purpose to document that you have given consent to participate, and to make it possible to delete your information if you choose to withdraw your consent. Information about age, constituency, name and email address will not be reproduced in the artwork and will not be used in any other way than stated above.

Participation in the project is voluntary. You can choose to withdraw your consent. Upon withdrawal of consent, all your submitted information will be deleted. Withdrawal of consent is done by following a link that you will receive together with confirmation that your contribution has been received. After 7 February 2021, the image will be included in the machine learning model's learning process, and the image information cannot be extracted from the learning model.

Toril Johannessen is controller for the processing. Webhuset AS provide web hotel and storage system. Sørensen EDB and BEK - Bergen Centre for Electronic Arts will have access to the information for processing of the submitted images. The personal information is anonymised before the image processing starts. Your image will be processed so that you will not be directly identifiable. A data processor agreement has been entered into with all parties, which regulates the secure processing of your information.

Your submitted information is not sold, disseminated or used for any purpose other than creating the artwork as described above. All submitted information will be deleted when the artwork is completed, no later than 31 December 2021.

You must be a resident of Bergen to participate.

You may only submit a photo that you have taken of yourself, or one that has been approved for submission by the photographer.

To submit a contribution, you must be 15 years or older. Parents or legal guardians can submit on behalf of children under the age of 15 who have agreed to participate.

Consent:

I have read the information and agree to participate.

I am a parent or legal guardian and submit a photo on behalf of a child under the age of 15 who have agreed to participate.
